BAN REBELS YIELD THEIR ARMS

ork of Disarming Will Soon be Accomplished.

UBAN FLAG IS STILL WAVING

Referring to Flag, Taft Says He Is Working For the Cuban Republic and That Banner Will Fly as Long as He Is in the Palace.

Havana, Oct. 8.—While the disarmament of the rebels will not be completed Saturday night, it is now confidently expected that the entire operation will be finished by Monday, with the exception of Puerto Principe province, which has been less affected than any other province by the rebellion, but which is now a favorite region for marauding bands, which should more correctly be called bandits than rebels.

Although the surrender of guns has not been made compulsory, either by the provisional government or the disarming commission, the rebel commanders have all given their followers to understand that it was expected and that the laying down of their arms was a matter of duty. The result of this has been that the number of rifles surrendered is larger in proportion to the number of men disbanded than the government expected. For instance, 800 rebels disbanded in Pinar del Rio province up to Friday have turned in 600 guns.

Governor Taft regards this proportion rather better than the average, but reports from Santa Clara indicate that nearly all the guns of General Guzman's commands have been surrendered.

A great majority of the rebel rifles are old and poor, and many dilapidated weapons have been turned in.

In Pinar del Rio practically all the rebels have been disarmed, and have returned to their homes. In western and southern Havana the work of disbanding is going on steadily, and probably will be completed by Saturday. Assistant Secretary of State Bacon and Captain McCoy visited eastern Havana Saturday, and hope to complete disarmament there without loss of time.

General Montero, commander of the forces in eastern Havana, visited the palace Friday, and agreed to the disarmament conditions.

Matanzas province has no insurgents, with the exception of a few of Montero's followers.

In Santa Clara province disarmament is going on vigorously, and the disarmament commissioners and the provisional government are received with every evidence of good will.

Disarmament has been completed in Santiago province, with the exception of small forces in the vicinity of Manzanillo, who will disband Saturday.

Governor Taft said he believed that the only region where there was a possibility of trouble to be Camaguay. Cattle lifting and depredations to other property is going on in this section.

The disarming operations conducted Friday in western Havana by Major Eugene F. Ladd of the disarmament commission was not all smooth sailing. After the disarming of General Del Castillo's personal escort, which produced 50 guns, Major Ladd proceeded to disarm the men of Del Castillo's brigade commanders. Upon meeting Arencida at Santiago de las Vegas, Major Ladd was told that his force of 800 had already dispersed, but that 150 guns would be turned over Saturday afternoon. When Major Ladd returned, however, only 40 guns were forthcoming from the subordinate officers left in charge. Major Ladd suspected the subordinates of concealing weapons, and threatened to take the matter up with Governor Taft. The subordinates at once promised to produce the remainder of the guns later.

The force under General Guas was disarmed by Major Ladd at San Antonio de los Llanos.

In response to the criticisms made by Americans that the Cuban flag was flying over the palace while that building is being occupied by an American Governor, Governor Taft said:

"I am here working for the Cuban republic; therefore, the Cuban flag will fly as long as I am here in that capacity."

FIGHTERS FALL TO DEATH.

Clutched In Death Grip Men Fall From Building.

Cleveland, O., Oct. 8.—Clutched in each other's arms, two young men fell from the fourth story of the Lakeshore office building and were hurled to their death on the pavement below at 5 o'clock Friday evening.

The dead men are J. W. Bunts, aged 30, and Harry Wilfred, aged 17 years, both of whom were clerks in the office of the superintendent of motive power of the Lakeshore railroad. Bunts was killed instantly, and Wilfred died in an ambulance while being taken to the hospital. The young men had had some trouble previously, and a renewal of this led to an altercation between them. It was as a result of this that they fell from the window, which was open directly in front of them,

The scene of the tragedy was in the center of the down-town business district, and dozens of horrified pedestrians witnessed it.

During their flight through the air from the fourth story to the pavement, in which their bodies turned over and over again, neither of the men relaxed the grasp maintained from the beginning of the scuffle which led to their fall, and each held on to the other with a death-like grip till their bodies struck the pavement and lay motionless where they fell.

Will Connect With Gulf Steamers.

Columbus, Ga., Oct. 8.—J. W. Callahan, at the head of the Callahan line of steamboats, will co-operate with the Columbus board of trade in putting into effect an all-water route which shippers of this city can use. His boats, plying the Chattahoochee and Flint rivers, will connect at Apalachicola with gulf steamers, transferring freight. The general freight agents of two gulf steamship lines have been requested to come to this city at once, to promulgate the tariff of rates over Columbus' all-water route. It is only by the establishment and maintenance of this all-water route that the shippers of Columbus expect to secure lower transportation rates.

Assailant Will Be Hanged.

Augusta, Ga., Oct. 8.—In the court of general sessions at Aiken, Isaiah Knight, a negro, was convicted of criminal assault upon Mrs. T. S. Chapin of Aiken and sentenced to be hanged Oct. 26. The crime was committed several months ago and created more than ordinary interest at the time by reason of the fact that the negro's victim, Mrs. Chapin, was a northern woman of some wealth, who had taken up her residence among the healthful sand ridges of Aiken, and had shown the negroes more than ordinary consideration under the mistaken impression that they were not properly appreciated and treated by southern people.

Parental Forgiveness Follows Marriage

New York, Oct. 8.—Parental forgiveness followed quickly the marriage of the wealthy elopers, Russell F. Hopkins and Miss Vera Clegrist. The bridegroom, by long distance 'phone, called up his mother, Mrs. John R. Hopkins, at the Saint Regis, and speedily obtained his mother's blessing. The young man informed her that he and bride were cruising on the Hudson on the yacht Uno, on which they were married Thursday, and that they expected to be in New York soon. He said they intended to go to Europe on their honeymoon.

Tampa, Fla., Oct. 8.—The schooner Pelican, 35 tons, which sailed from Tampa Monday afternoon for Clearwater with a cargo of groceries, sank off Pass Agrille, and Captain L. F. Ward of Clearwater, and two white men, composing the crew, are missing and are supposed to have been drowned.

WANT TO KNOW IF TROOPS ARE NEEDED

United States Questions Need of Additional Troops.

ACTION DEPENDS ON ANSWER

Nine Hundred Men Are Now Enroute and 5,500 More Will Be Sent If It Is Thought Necessary—Several Insurgents Placed Under Arrest.

Washington, Oct. 8.—Owing to the satisfactory aspect of affairs in Cuba, Secretary Taft has been asked by cable if in his judgment it is necessary to send the island more troops than the 900 now on board the transport Sumner, due in Havana Saturday or Sunday.

He has not yet responded and meanwhile the preparations will continue for the dispatch of the entire force of 5,500 as originally planned.

Insurgents Under Arrest.

Havana, Oct. 8.—A detachment of 200 insurgents rode into the Caridad suburb of the city of Puerto Principe, waving machetes and threatening people. Twenty American marines from the detachment on duty at Puerto Principe went to Caridad, dispersed the insurgents and arrested 39 of them. General Cabellero, the insurgent leader, with 100 men, then proceeded to the commander of the marines and demanded the release of the captured insurgents. Instead of releasing them, the Americans disarmed Carabello and all of his followers who could be caught. Thereupon Cabellero and all of his followers gents under his command would disarm.

Religious War Threatened.

Paris, Oct. 8.—The Catholics of Brittany have addressed an open letter to Interior Minister Clemenceau denouncing the statements which he made in his speech of Sunday last, and adding: "The Chouans are not dead. If you attempt to unite the Jacobins of 1893, if you attempt to close the churches, proscribe our priests or prevent the celebration of our sainted religion, we will rise against the infamous tyranny, die with enthusiasm for God and the King of our fathers."

Charged With Forgery.

Columbia, S. C., Oct. 8.—At Seneca, S. C., W. H. Coffey, a salesman traveling for a patent medicine company out of Atlanta, was arrested by a detective who had located him by means of a telephone, charged with forging a check on a patent medicine concern of Atlanta. He made no resistance of arrest, but denied his guilt, and explained a willingness to go back to Atlanta on the first train for trial. He said he was confident that he would come out all right.

Ft. Leavenworth, Kan., Oct. 8.—The findings of the courtmartial, as approved by General T. J. Wint, in the case of First Lieutenant John A. Brockman, Seventeenth Infantry, who was tried for neglecting to answer official letters sent to him through military channels, have been received. NAMED FOR APPEAL JUDGES.

Complete Returns Show Those Named In Primary.

Atlanta, Oct. 8.—The business of the new court of appeals will be considered by Judge Richard B. Russell of Winder, Judge A. G. Powell of Blakely, and Judge B. H. Hill of Atlanta, these three having received a plurality over the other 13 candidates in the election of last Wednesday.

The amendment for the court of appeals was ratified by a majority of at least 25,000 in the state.

The official consolidated returns give Russell 30,705, Powell 22,382, Hill 21,054, and Peeples 20,451. Hill's plurality over his nearest competitor is 603 votes.

There are three counties yet to report, but the returns from these will not materially affect the result in all probability. Those from which reports have not yet been received are Baker, Union and Warren.

Newton, the county site of Baker, and Blairsville, the county site of Union, are both remote from railway and telegraph connection, and no figures are yet obtainable from either county.

The most intense interest was manifested by the friends of the leading candidates when it became evident that the race for second and third place was so close, but the majorities for Powell and Hill, while not large, are apparently so conclusive that the other candidates have practically conceded their election.

Was In Suicide Pact.

Canton, O., Oct. 8.—It has developed that when Barbara Herron, aged 16 years, whose home is at Midvale, took carbolic acid at New Philadelphia, it was part of a suicide pact made with a girl friend. Miss Herron admits the agreement, but refuses to explain the reason or divulge the name of the other girl. They purchased two bottles of carbolic acid and separated. Miss Herron, boarded a Tuscawaras traction car and the conductor, noticing that she staggered on entering, soon discovered traces of the acid. He hustled her to a doctor's office, where prompt action saved her life. Miss Herron said: "I tried to drink the stuff, but it burned so horribly that I could not."

Unique Way of Acquittal.

Kansas City, Mo., Oct. 8.—As the trial of Joseph Ager, an aged German, charged with assault, was in progress a phonograph in an adjoining building began playing: "Ask the Saviour to Help You." Raising his hands in supplication, the lawyer for the defense called the jury's attention to the sentiment of the song, repeating the words as the machine produced the melody. There were many bowed heads in the courtroom at the close of the dramatic incident. Ager was acquitted.

TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so sly that frequently its presence is not suspected until it is far advanced.

Mrs. Fannie D. Fox

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

Dear Mrs. Pinkham:—

"I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation.

"Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well."—Fannie D. Have You Read "Lady Baltimore"

The new novel that is all the rage just now? If not go to the public library and get it, if there are not a dozen others ahead of you.

"Lady Baltimore" is neither a race horse, a steam boat, nor a member of the English aristocracy—it's a Cake! And such a cake; well worth having a popular book named for it.

Wouldn't you like to eat a piece of such a cake? The secret of it's make was for a long time jealously guarded; but the ladies of the Library Association have gotten hold of it, and will next Thursday afternoon at the Library rooms give a "Lady Baltimore Tea," where a cup of tea, a piece of "Lady Baltimore Cake," and a receipt for making the cake will be sold for a small sum for the benefit of the library.

All friends of the Library Association cordially invited.

Time—3 to 5:30 p. m., Thursday.

In compliance with the advertisement, a special election has been called for today to decide on the amendment of Section 10 of an ordinance, which means, that if this section is amended, that the ordinances of the city as passed by the council will not be published, as now required, and the taxpayers will be left in the dark, so to speak, as to what is going on in municipal affairs.

If the taxpayers want to keep posted on the doings of the City Council, let them vote AGAINST the amendment, which will keep the law as it is.

Opened Monday With Large Enrollment and Most Flattering Prospects.

The High Springs public school opened for the fall term Monday, the 8th inst., with a large enrollment, and a most flattering prospect for one of the most successful terms in its history.

The school this year is in charge of Miss Mary E. Mann, a teacher of recognized ability, who has a competent corps of assistants.

Friends of the High Springs school are anticipating for the coming term one of the best school terms in the county.

CURE CATARRH NOW.

Do Not Wait Until Winter or Disease Will Become Chronic.

Many people in Gainesville are beginning to cough and hack with the fall symptoms of disagreeable and offensive catarrh. The tongue is coated in the morning, and they do not sleep well at night on account of disagreeable tickling and dropping at the back of the throat as a result of catarrh. Before the disease becomes chronic they should use Hyomei and get complete freedom from their catarrhal troubles.

If you neglect to treat catarrh when it first comes on, the chances are that it will become so firmly rooted and deep-seated that it will bother you all winter and may become chronic and almost incurable.

The first day's use of Hyomei will show a decided improvement in health, and in a short time there will be no further trouble, and you will be free from catarrh, and coughs and colds will not bother you during the winter.

Remember that Hyomei is sold under an absolute guarantee that it costs nothing unless it cures. J. W. McCollum & Co. have sold a great many Hyomei outfits, every one with their personal guarantee that it costs nothing unless it cures, and they have seen so many remarkable evidences of the curative powers of Hyomei that they are very glad to continue giving this guarantee with every package.

A complete Hyomei outfit costs but $1. Extra bottles, if needed, 50 cents.

The daily galloping of a horse by a certain rider along the entire distance of West Liberty street from the University buildings to the intersection of Liberty and Pleasant streets has not had a tendency to break the material.

ECZEMA SKIN RAW AND FEVERISH— ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acrid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative because they cannot reach the seat of the trouble, which is in the blood.

S.S.S. PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.

Boy Held by Kidnapers.

New York, Oct. 8.—Renewed efforts were made by the police to trace the kidnapers of William LaBarbera, the 4-year-old son of a Second avenue grocer. It was announced that the parents had received from the kidnapers a letter containing a lock of the boy's hair, and a threat to send the boy's head to them if a ransom of $5,000 were not paid by Friday night. The parents, though willing to negotiate with the kidnapers, are unable to do so, as in their letters the latter failed to tell how to reach them. The boy was first missed by his parents just two weeks ago.

SALE CONTINUES TO BE ENORMOUS

Cooper Preparations Leading Topic In St. Louis.

WHAT PEOPLE HAVE TO SAY

Interviews Obtained With Number of Callers at Young Man's Headquarters Indicate That He is More Than a Fad.

St. Louis, Oct. 8.—The most interesting feature of the enormous sale of the Cooper preparations, now going on in this city, is what the medicines are actually accomplishing among the people of St. Louis.

At the commencement of his visit here Mr. Cooper prophesied that during the latter part of his stay he would receive hundreds of callers daily who came simply to thank him for what the preparations had done. He also stated that stomach trouble is the foundation for a great many diseases, and that his New Discovery, as it is called, would prove very effective in all cases of rheumatism, simply by getting the stomach in working order.

That this prophesy has been fulfilled cannot be doubted after half an hour spent at the young man's headquarters listening to what his callers have to say.

A reporter who watched to ascertain, if possible, some light on the reasons for the immensity of Cooper's success, interviewed about twenty of his callers yesterday afternoon. The statements made by those seen indicate that physicians who claim that Cooper is merely a passing fad, have not looked into the facts.

Some of these statements were as follows: Mrs. Anna B. Hampton, living at 1422 Michigan Ave., upon being questioned said:

"I have been troubled with general dibility, weakness, dizziness, headache, sleeplessness and stomach trouble, for over three years. I had tried a number of medicines and visited several doctors but none helped me. I heard on all sides of these Cooper Remedies and decided to try them. Any one who says they are not wonderful medicines, does not know what they are talking about. After I had taken the first bottle, I noticed a decided improvement. I have taken three bottles of the New Discovery and I now feel as well as I ever have in my life. I sleep and eat as I have not done in years, and I am happier than I have been in a long time. I have come here to thank Mr. Cooper for what he has done for me."

The statement of John F. Ehrndal, living at 927 N. 11th street, was as follows:

"I have suffered with stomach trouble and constipation for a year or so. When I ate I would have bloated spells, sour stomach, fermentation, bad taste in my mouth. In the morning I was as tired as when I went to bed. I had a dull pain in the lower part of my back, and had to get up several times in the night. I have almost taken one bottle of the New Discovery and I am so wonderfully improved that I have come down here to thank Mr. Cooper in person and obtain more of the medicine."

Another statement was made by Miss Margaret Gordon, living at 210 Center St., who said: "I have been a sufferer with rheumatism for several years. I have tried many remedies, and have been treated by a number of physicians. Nothing helped me in any way and I despaired of finding relief. I was in a general rundown condition, also, and had some stomach trouble. I was told by friends of the Cooper remedies and decided to try some of them. I purchased some of the New Discovery medicine, although it took me three hours to do so, as the crowd was so dense. This was last Thursday. I was improved almost immediately."

"I have continued to take this wonderful medicine and I am now without a sign of rheumatism. My general health is also greatly improved, and I have not felt so well for years. I would not have believed that there was a medicine on earth that would do what this has done for me. I am so much happier that I am very grateful to the man that has made it possible for me to regain my health. He has the most wonderful medicine that I know anything about."

Other statements taken from those who have previously used the medicines seem to prove that Cooper's success throughout the country is genuine.

Will Be Stopped by Parasites.

New Orleans, Oct. 8.—That the boll weevil's progress northward will be delayed by parasites was the opinion expressed by L. O. Howard, chief of the bureau of entomology of the United States department of agriculture, who is here working on the boll weevil problem. After noting that the weevil is now within 25 miles of the Mississippi river in its eastward progress and has advanced into three counties of Arkansas, he said: "It has been found in the Brownsville region of Texas, where the weevil has existed 12 years, that parasitism has reached 50 per cent. That means that many American parasites are accustoming themselves to the boll weevil, and comparative immunity in the future seems possible."

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

If Caught Will Be Lynched.

Suffolk, Va., Oct. 8.—There are threats of lynching at Myrtle, Va. A negro by the name of Underwood attacked 10-year-old Lois Langford, daughter of W. J. Langford. The negro told her if she screamed he would kill her. She screamed nevertheless. Her cries frightened the negro, who ran. The attack was made back of the little girl's home. The negro escaped in the nearby woods. If the negro is captured it is thought he will be lynched.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

Shot Sweetheart Accidentally.

Madison, Ind., Oct. 6.—Robert Pendleton of Trimble county, Kentucky, called on Miss Luella Black of West Madison and attempted to show her the good points of his new hammerless revolver, with the result that a 32-caliber ball penetrated her throat and lodged against her spinal column, causing paralysis of her lower limbs and inflicting what is feared to be a fatal wound. Pendleton, after securing a physician, disappeared and has not been seen since. He was crazed with grief.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Russard, Brubaker, Ill. This remedy is for sale by all druggists.

About two-thirds of the paupers in the country are males, the numbers standing at 52,444 males and 29,320 females, and the ratio of female paupers is decreasing faster than that of the males. Four out of every five of the women have been servants. Most of the women who enter almshouses stay there for good, while the men, to a large extent, are only winter boarders.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. Take Hall's Family Pills for constipation.

NO MAN IS STRONGER THAN HIS STOMACH.

Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body, considered as a whole, is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in all the organs—heart, liver, kidneys, etc. The liver will be torpid and inactive, giving rise to biliousness, loss of appetite, weak nerves, feeble or irregular action of heart, palpitation, dizziness, headache, backache and kindred disturbances and weaknesses.

Mr. Louis Pare, of Quebec, writes: "For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

Don't Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Lest We

Forget—baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to its cheeks and laughter to its eyes. Give it a trial. Sold by W. BLAZING METEORS.

The Short Lived Splendor of a Shooting Star.

A small body as large as a paving stone or not as large as a marble is moving round the sun. Just as a mighty planet revolves in an ellipse, so this small object will move round and round in an ellipse, with the sun in the focus. There are at the present moment inconceivable myriads of such meteors moving in this manner. They are too small and too distant for our telescopes, and we can never see them except under extraordinary circumstances.

At the time we see the meteor it traverses a distance of more than twenty miles a second. Such a velocity is almost impossible near the earth's surface. The resistance of the air would prevent it. Aloft in the emptiness of space there is no air to resist it.

In the course of its wanderings the body may come near the earth and within a few hundred miles of its surface, of course, begins to encounter the upper surface of the atmosphere with which the earth is inclosed. To a body moving with the appalling velocity of a meteor, a plunge into the atmosphere is usually fatal. Even though the upper layers of air are excessively attenuated, yet they suddenly check the velocity, almost as a rifle bullet would be checked when fired into water. As a meteor rushes through the atmosphere the friction of the air warms its surface; gradually it becomes red hot, then white hot and is finally driven off into the vapor with a brilliant light, while we on the earth, one or two hundred miles below, exclaim:

"Oh, look! There is a shooting star."

A Card.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe, cough, and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

Bills of Different Birds.

The bill of the canary is built for crushing seeds—has strength, but in many of the doves the bill is slender and weak. Many of the pigeons and doves that feed on seeds have gizzards that are large and muscular—crushing and grinding being accomplished in that way.

It is difficult to say how much birds experience taste, probably in a small degree. Ducks and parrots have soft, fleshy tongues, but in most birds much of the tongue is sheathed in horn. Food may be selected by intuition as to what is wholesome, more than by taste.—St. Nicholas.

HUMOR COVERED HEAD AND SCALP

Bothered With Itching for a Long Time—Found No Relief Until Cuticura Was Used—Kentucky Lady Now Completely Well.

WISHES SUCCESS TO CUTICURA REMEDIES

"After using Cuticura Soap, Ointment, and Pills, I am very glad to say I am entirely relieved of that itching humor of the head and scalp which I was bothered with quite a length of time. I did not use the Cuticura Remedies more than three times before I began to get better, and now I am completely well. I suffered with that humor on my head, and found no relief until I took the Cuticura Remedies. I think I used several cakes of Cuticura Soap, three boxes of Ointment, and two vials of Pills. I am doing all I can to publish the Cuticura Remedies, for they have done me good, and I know they will do others the same. With best wishes for your success." Mrs. Mattie Jackson, June 12, 1905. The Tobacco That Made Chewing Popular

Man's fondness for chewing tobacco is created and popularized by the tobacco produced in the famous Piedmont tobacco belt. Only choice selections of this well matured, thoroughly cured leaf are used in making SCHNAPPS. That's why SCHNAPPS requires and takes a smaller amount of sweetening than any other kind—and that's why SCHNAPPS has a wholesome, stimulating and satisfying effect on chewers.

There are many imitations of SCHNAPPS claiming to be "just as good," but without the flavor or quality that has made SCHNAPPS sales more than all similar tobaccos.

Schnapps

It is made in the Reynolds factories, famous for producing the best chewing tobaccos, by clean, sanitary processes, under the same direction, since 1875, of men who have made the business a life study. They are the largest and best equipped flat plug factories in the world and are situated in the very center of the world's greatest chewing tobacco district.

If you've never chewed SCHNAPPS, now is the time to get acquainted with the cleanest, most healthful, stimulating, satisfying and wholesome form in which tobacco can be used. Do not accept imitations.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Has Less Sweetening than Imitations

A FISH HOOK.

The One You Should Buy and the Test You Should Try.

The most common flaw is the temper of the hook. Some hooks are brittle and break easily. There are other hooks still that bend, and bend so easily that they "straighten" on every big fish, and yet other hooks that bend, but bend so hard that a big fish never flexes them, and they only straighten and come away when the full tension of the line is laid upon them if caught on a tough snag or tree bough. These last are the hooks to buy—if you can find them—and the hard breaking hooks classifies next in merit. Tests by the eye are quite useless, as so many hooks carry exactly the same tints in blue or black. Test the hook instead by the hand, catching the point in a firm bit of wood and trying it out both by the hard, firm pull and by the jerk. Watch particularly in this trial for weakness at the foot of the barb, where the wire is apt to be attenuated overmuch and the whole point give way on a strong fish, especially if hooked in bone or very hard gristle. What vasty depths of angling profanity, in spirit if not in word, have been stirred in boat and on bank when the pointless hook comes away from the hard played fish must be left to memory.—Outing Magazine.

Orino Laxative Fruit Syrup aids digestion and clears sallow blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. J. W. McCollum & Co.

Rivarol's Wit.

Antoine Rivarol, the French epigrammatist of the eighteenth century, was so brilliant that something good was expected of him every minute. Once when he had been invited to dinner, at which the hostess especially wished him to shine, he sat quite silent. The attitude of disappointed expectancy in the company nettled him, and at last Rivarol made a stupid remark. Everybody uttered an exclamation.

"There," said Rivarol, "I cannot say a stupid thing without every one's crying, 'Thief!'"

At a dinner in the house of some Germans he made a joke. His hosts put their heads together inquiringly. Rivarol said to his neighbor, a Frenchman:

"Look at the Germans pooling their wits to understand a joke."

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
